Madrid, February 4.

LAST Week a Courier was diſpatched to the Cardinal del Giudice at Bayone, with an Order for his repairing ſpeedily to this Court: 'Tis reported, that the King of France has mediated a Reconciliation between his Catholick Majeſty and that Cardinal; and the Copy of a Letter to his Eminency is handed about here, in which his moſt Chriſtian Majeſty exhorts him on his Return hither to aſſiſt the King his Grandſon with his Counſels; whence 'tis inferred that he will have a principal Part in the Management of Affairs at this Court. The Secretary at War having given Order for the Life Guards to change their Antient Quarters for others very inconvenient for them, without the Knowledge and Conſent of the Duke de Popoli their Captain, he took ſuch Offence at it that he drew up a Repreſentation and preſented it to the King, ſetting forth the Indignity offered to his Perſon and Employment by that Proceeding, which he ſaid beſides was with deſign to ruin thoſe Guards for the Readineſs they ſhewed in obeying the Queen's Orders at Xaraque relating to the Princeſs Urſini: The King in Anſwer to this Remonſtrance declared he would ſpeedily redreſs the Grievance complained of, and accordingly has ſignified his Pleaſure that the Guards ſhall continue in their former Quarters. Three Days ago a Courier arrived from France, with the Treaty concluded between this Crown and Portugal, in order to its being ratified. Notwithſtanding the Diſgrace and Abſence of the Princeſs Urſini, the Count de Pliego is actually made a Grandee of Spain, purſuant to the Promiſe made him on the Part of the King, in Conſideration of his giving his Daughter in Marriage to Don Aleſſandro Lanti, Nephew to that Princeſs. 'Tis adviſed from Saragoſſa, that the Princeſs of Piombino has paſſed through that Place in her way to Barcelona. The Preparations for the Expedition againſt Majorca are in great Forwardneſs.

Vienna, Feb. 23. Yeſterday Count Guichardi Brother of the Envoy of the Duke of Modena reſiding at this Court, ſet out from hence for the Court of Great Britain where he is to take upon him the Character of Envoy from that Prince, to congratulate his Britannick Majeſty on his Acceſſion to the Throne. It having thawed here for ſome Days paſt, the ſhoals of Ice coming down the Danube carried away Yeſterday one half of the Bridge which joyns this City to the Suburbs called Leopoldſtad. The Aga expected from Conſtantinople is not advanced far on his Journey, there being no Advice yet of his having approached the Frontier. The uſual Diverſion of Maſquerading during the Carnaval, is forbidden at Court this Seaſon.

Ratisbon, Feb. 18. This Day the Propoſition for providing the Fortreſſes of Kehl and Philipsbourg at the common Expence of the whole Empire, was begun to be taken into Deliberation by the Diet, but with little likelihood of being brought to a good Iſſue; the remoter Circles alledging that they are obliged to take care of their own Frontiers in time of Peace, without any Aſſiſtance from the reſt of the Empire, and therefore this burthen ought only to extend to the States in the Neighbourhood, who are more immediately concerned in the Preſervation of thoſe Places. The Upper Palatinate is ſtill in the Poſſeſſion of the Elector Palatine,

Hambourg, Feb. 22. 'Tis adviſed from Copenhagen, that the King of Denmark is intirely recovered of his late Indiſpoſition; and his Majeſty's Reſolution to paſs into Holſtein in a very ſhort time, is confirmed. Count Steinbock had deſired his Daniſh Majeſty's Permiſſion to go to Stockholm for two Months, but was refuſed, and is continued under Confinement, only two of his Servants being allowed to attend him. An Order of his ſaid Majeſty has been publiſhed in Holſtein, forbidding under ſevere Penalties the Exporting of Bread-Corn or Oats from that Country to other Parts. The Swedes are lavying Men with all Diligence, in order to take the Field in the Spring with a conſiderable Army. 'Tis adviſed from Berlin, that the King of Pruſſia has determined to Command in Perſon the Body of 30000 Men which he has ordered to put themſelves on the March, and which are to be cantoned ſo as to be able to draw together at 24 Hours warning in the Camp marked out at Lockenitz: The Prince of Anhalt-Deſſau is to ſerve under his Pruſſian Majeſty in the Quality of Field-Marſhal; the Counts Dhona, Donhoff, and Vinck, as Lieutenant-Generals of the Horſe; M. Natzmer and Arnheym as Lieutenant-Generals of the Foot; M. Gromkaw as Commiſſary-General of War; and M. Ilgen is to accompany his Majeſty as Miniſter of State.

St. James's, Feb. 21. His Majeſty has been pleaſed to appoint his Grace John Duke of Montagu to be Maſter Forreſter and Warden of Rockingham Bayliwick, and of Geddington-woods within the Forreſt of Rockingham in the County of Northampton.
